Jetable

Produttori dal Manufacturer since 1980

Trasformiamo il Tessuto Non Tessuto in soluzioni su misura per la salute e il benessere.

Lacomes rappresenta da oltre quarant'anni un pilastro nel **converting** e nella commercializzazione di prodotti in TNT e cellulosa per l'industria medicale e il settore estetico.

Nata a Milano, la nostra realtà ha saputo evolversi attraverso **due generazioni imprenditoriali**, unendo la solidità dell'esperienza a una spinta costante verso l'espansione dei mercati nazionali e internazionali.

Il cuore pulsante di Lacomes è la sede produttiva di Milano, dove il know-how radicato nel tempo si fonde con una moderna capacità di personalizzazione. Siamo partner strategici per i principali distributori italiani ed esteri perché non offriamo semplici forniture, ma prodotti **"cuciti" sulle esigenze del cliente**.

Oltre alla nostra gamma a marchio Lacomes, siamo specializzati nella realizzazione di linee **Private Label**, trasformando le specifiche tecniche e d'immagine del cliente in prodotti finiti di alta qualità, pronti per il mercato.

La nostra filosofia produttiva si basa su una selezione rigorosa di materie prime, privilegiando **fornitori dell'Unione Europea**. Ogni fase del processo è garantita dagli standard di certificazione **ISO 9001**, assicurando così affidabilità a ospedali, cliniche private, istituti di cura, istituti di bellezza, centri benessere e termali.

Guardando al futuro con consapevolezza, abbiamo sviluppato una linea di articoli prodotti con materiale **eco sostenibile** per garantire la qualità e la praticità del monouso professionale senza mai perdere di vista il benessere del nostro Pianeta.

We convert non-woven and cellulose fabric into tailored solutions for health and wellness.

For over forty years, Lacomes has been a cornerstone in the **converting** and marketing of non-woven products for the medical and beauty industries.

Founded in Milan, our company has evolved through **two generations of entrepreneurs**, blending the solidity of long-standing experience with a constant drive toward expanding into both national and international markets.

The beating heart of Lacomes is our production facility in Milan, where time-honoured know-how merges with modern customization capabilities. We are strategic partners for leading Italian and foreign distributors because we don't just offer supplies, we provide products **"tailor-made" to the client's specific needs**.

In addition to our Lacomes brand range, we specialize in **Private Label** production. We transform our clients' technical and branding specifications into high-quality finished products, ready for the market.

Our production philosophy is built on a rigorous selection of raw materials, favouring **European Union suppliers**. Every stage of the process is guaranteed by ISO 9001 certification standards, ensuring total reliability for hospitals, private clinics, healthcare institutes, beauty salons, wellness centers and spas.

Looking to the future with awareness, we have developed a line of products made from **eco-sustainable** materials. Our goal is to ensure the quality and convenience of professional disposables without ever losing sight of the planet's wellbeing.

A blurred photograph of a hospital room. In the foreground, a grey medical cart is partially visible. In the middle ground, a hospital bed is covered with a bright green sheet. The background shows a white wall and a long, glowing fluorescent light fixture. A dark green horizontal band is overlaid on the top half of the image, containing the text.
